NOTE: For those times marked "Student Conference" my policy is to give preference to students. However, the student is advised to double-check with me before coming, to make sure both that I am not already committed to working with other students, and also that I am not committed to some other conflicting event on the particular day and time that you want to see me. If you are tied up during my designated student conference hours, I will be glad to *make an appointment* to see you outside of those hours. To make an appointment to see me, either catch me after class, or call me, preferably on my cell phone, 443-956-9424. If I do not answer, leave a VoiceMail message, or else send me an E-mail message with "Request for an Appointment" in the subject line. In your VoiceMail or E-mail, suggest **three or more** alternate times for meeting, spaced at least four hours apart. Address your E-mail to: AbzugCX@JMU.edu

* indicates that the designated activity may take place *either* in my office at JMU *or* elsewhere.
