

# ***URLs Pertaining to Cryptology***

© 2002 Charles Abzug

The URLs presented here constitute an incredibly rich source of information concerning many aspects of Cryptology.

## **General Crypto Information:**

John Savard's crypto text: <http://fn2.freenet.edmonton.ab.ca/~jsavard/index.html>  
An excellent, comprehensive textbook on cryptography

Dorothy Denning's home page: <http://www.cs.georgetown.edu/%7Edenning/>  
Contains many references to her own articles, as well as to other sources of information on cryptology

Bert-Jaap Koops's Crypto Law Survey: <http://cwis.kub.nl/~frw/people/koops/lawsurvey.htm>  
An excellent compendium on the legal status of cryptography in many countries

Skipjack and KEA algorithm:s <http://www.jya.com/skipjack-spec.htm>

Fortezza, SHA, DSA, Skipjack/KEA: [http://www.armadillo.huntsville.al.us/Fortezza\\_docs/basic.html](http://www.armadillo.huntsville.al.us/Fortezza_docs/basic.html)

RSA encryption technology: <http://www.rsa.com/rsa/>

Surity Digital Notary - free software: <http://www.surety.com/>

Bruce Schneier's bibliography of cryptographic papers : <http://www.counterpane.com/biblio/>

Cryptotome list of relevant day-to-day updated relevant articles : <http://www.jya.com/crypto.htm>

Library on the theory of cryptography: <http://philby.ucsd.edu/cryptolib>

## **Commercial:**

GEMPLUS smart cards and applications: <http://www.gemplus.com/>

OnTrack Innovations Israel smartcard: <http://www.oti.co.il/>

ICE encryption algorithm: <http://www.darkside.com.au/ice>

## URLs Pertaining to Cryptology

Cryptography Research, Inc. (Clipper, Fortezza): <http://www.cryptography.com/>

### **Public-Interest Groups:**

Internet Open Group on Certification and Security; X.509, PKI: <http://www.mcg.org.br/>

Key Recovery Alliance: <http://www.kra.org/>

Electronic Privacy Information Center: discussions about cryptography and privacy:  
<http://www.epic.org>

IEEE 1363 Public Key Cryptography standard: <http://grouper.ieee.org/groups/1363/>

PGP Pretty Good Privacy International: <http://www.pgpiinternational.com/>

Survey of Public Key Infrastructures: <http://netwk.hannam.ac.kr/link/standard/pki.html>

National PKI infrastructure working party (Australian) report:  
<http://www.noie.gov.au/reports/npi/tableofcontents.html>

International Cryptography Freedom: <http://jya.com/crypto-free.htm>

Clipper Cryptography And Privacy Discussion (Electronic Frontier Foundation):  
<http://www.eff.org/pub/Privacy/Clipper/>

### **Government Sources:**

OECD Int'l organization for Economical Collaboration cryptographic law issues and guidelines for countries: <http://www.oecd.org/>
