

## Editing/Proofreading Marks

 This should not have been included in the submission/document.

 Something is missing.

 This is inappropriate and/or wrong.

 This line is too long; insert a line break.

 Some of these items are not in the correct order.

AWK The logic here is awkward.

COVER The cover sheet is missing.

DUP This is duplicated or repetitive.

 Avoid declarations with initializations.

~~else~~ This `else` clause is unnecessary and/or shouldn't be here.

 This is not flexible or robust

 The statement of conformity to the Honor Code is missing.

LOOP  Should be outside of the loop.

NO This is incorrect/wrong.

<P> You should have used a parameterized collection.

~~returns~~ Avoid the use of multiple return statements.

 This is not consistent with the style guide.

 This is not consistent with the specification/requirements/design/etc..

USE  $x$  You should have used  $x$  (where  $x$  is a method, algorithm, ...)
